12th September 2025

We have had a very exciting week in Class one this week! In Literacy, we have been learning all about 'What makes me a me?'. We discussed what makes us all different, unique and special and came up with lots of adjectives to describe ourselves which we have made into our very own class book! In Maths, KS1 have been recapping numbers to 20, counting and representing them in lots of different ways whilst Reception have had lots of fun taking part in number hunts! In addition to this, we have let our creativity out as we begun our new RE topic, all about Creation!

In Key Stage 2 this week, we have been developing our skills of note taking in our English lessons and using them to help research facts on invertebrates. We then used these facts to produce an informative poster. Please see Facebook, for some eye-catching examples. In Maths, we have been continuing our work on place value, with the oldest children working with numbers up to 10million! We all enjoyed our day at the County Show, where we certainly walked a few miles and saw some amazing animals and exhibits. The children loved trying on a variety of police equipment and learning about how firefighters tackle the moorland fires.
